Poultry Diseases Found Worse Than Ever Before

Lexington, Ky., Nov. 23,-Roup. chicken-pox and canker, three closely associated poultry discuss, are worse in Kentucky this year than they have been in any previous year, according to reports made by poultrymen of the College of Agriculture them their to turn from different parts of the state. In many cases the discusses are crussed by damp, dirty, posity centitated, crowded, drafty quantum. Proper housing to remedy these conditions in being suggested as the first step for farmers to take in controlling the dis-cases. Scores of letters are being written by the college poultrymen telling inquiring farmers how to step the rav-ages of the diseases in their flocks.

Repair Your Buildings

Buildings that are not given proper attention and necessary repairs made, depreciate much more rapidly than when kept in good repair. Repairs cannot be made successfully in bad weather and should be made during the summer months. Roofs should be painted, decayed hoards replaced and buildings given a general overhauling before winter,

Why not construct that new concrete wilk or cellar that you have been wanting, now. Paint the old house. it deserves it.

We carry a complete line of Lumber, Paints, Finish-ing Materials, Coment, Plaster, Lath, Realing, Builders Hardware and all other materials necessary to repair buildings of all kinds.
